

# KAMATSI LAKE OUTPOST

Kamatsi outpost is on one of the most diverse lakes in northern Saskatchewan. The cabin sleeps eight people easily, and has hot and cold running water via your own water tower. Refrigerator and complete stove with oven. Shower and toilet inside. A deck for sitting around in the evening or cooking outside if you like. Great view. 14 ft. Lund boats, with 9.9 HP motors.

Fishing on Kamatsi is very good for Northern and Lake Trout. We get very large Walleyes on Kamatsi but not always high numbers. The Northern and Lakers are numerous and good in size, Northerns to 27 lbs, lots from 4-15. Lakers to 30 lbs, lots 4-9.

You provide sleeping bags, fishing gear and food.  
Please limit total gear to 75 lbs. per person.  
Great family vacation.

## Accommodations Include

Fully Modern Cagin - Sleeps 8  
all log construction  
running water, shower,  
flush toilet  
Fishing license extra.

## Kamatsi Lake Rates

Includes round trip float plane from Southend.  
5 days/5 nights.....\$ 1,595.00  
7 days/7 nights.....\$1,795.00  
(Plus tax where applicable)  
(Fishing license extra)

# LAWRENCE BAY AIRWAYS AND OUTPOSTS

# PAGATO LAKE OUTPOST

Pagato Lake is one of the best Walleye and Northern lakes I know of. Guests can expect large numbers of Walleyes and Northerns. Walleyes 2-8 lbs., a few bigger. Northerns to 28 lbs, lots from 4-18.

## Accommodations Include

At Pagato we have a large fully modern cabin. Sleeps 8 people easily. Hot and cold running water with flush toilet and showers. Gas generator for lights and propane refrigerator. 9.9 HP motors and 14 ft. Lund boats. Gas and all cooking utensils are included.

You provide sleeping bags, fishing gear and food.  
Please limit total gear to 75 lbs. per person.

## Pagato Lake Rates

Includes round trip float plane from Southend.  
5 days/5 nights.....\$ 1,595.00  
7 days/7 nights.....\$1,795.00  
(Plus tax where applicable)  
(Fishing license extra)

# LAWRENCE BAY LODGE

ON REINDEER LAKE, SASK

*Our 48th Year*

# Lawrence Bay Airways and 2018 Outposts

FISH AND HUNT THE FAR NORTH  
AT ITS VERY BEST  
*fighting, cold water Northern Pike,  
Lake Trout, Arctic Grayling and Walleye*

Your Hosts, Mindy, Phil and Randy.

Our 48th Year

I owe a lot of our success at Lawrence Bay Lodge to my late wife, Verdean, who stuck by me in the early, lean years and supported all my crazy ideas. Our success in the future will be on the shoulders of my son and daughter, working with me. They have both grown up at Lawrence Bay Lodge and together have more experience in the business than anyone I know. By initiating catch and release in 1981, we have insured our fantastic fishing for the future. Quality of fishing at Lawrence Bay Lodge is as good now as it was in 1971.

Thanks to our wonderful guests and excellent staff that have helped make this all possible.

- Randy

Why Lawrence Bay Lodge?

Lawrence Bay Lodge is located in some of the best fresh water fishing in Canada. Our guides and equipment are first class. All cabins are fully modern. Our float planes give us access to remote lakes. We have the experience and versatility to make this your best trip ever. Lawrence Bay Lodge is a great experience for everyone.

Location

Lawrence Bay Lodge is located on Lawrence Bay of Reindeer Lake, 175 miles north of LaRonge, Saskatchewan.

- Fully modern log cabins
- All meals including shore lunch at mid-day
- Two float planes available
- Friendly, experienced staff
- Licensed Cree Indian Guide for every boat
- Filleting, freezing and packaging of fish for trip home

Releasing Fish

We have practiced a modified catch and release program at our camp for over thirty years. We return all large fish. All the large fish you see in this brochure were released! The fish that we send home with you are some of the smaller ones. Keeper fish are 3-6 lb. Northerns, 3-7 lb. Lake Trout, and 2-5 lb. Walleyes. We are positive that sending a few of the smaller fish home to eat has done nothing harmful to our water. What it has done is enhanced the trip for all fishermen. Once again in 2017, we proved our catch and release program is working well. The quality of fish continues to get better. We caught more than 1600 fish over 40 inches. Eighty percent of our guests caught fish from 18-35 lbs. (40-53 inches). We also had a few over 35 lbs. - alive and well, thanks to the people who released the monsters. **Big Lake, Great Guide, Good Equipment = Big Fish!**

Clear, Cold, Pure Water with Sandy Beaches

Gear

Gear should include a casting or spinning outfit with 8 to 20 lb. monofilament. Fly rods are also very productive for big northern pike. Rain gear is a good idea. Temperatures average 68 degrees to 84 degrees in June, July and August, with September temperatures in the mid-50's. Tackle and license are available at the Lodge.

Our guests caught an unbelievable 1600 Northerns over 40" in 2017.

Tackle

Over the last few years some of the new tackle, along with some of the old standbys, have been tried and proven to be very successful. Some of the new, hot stuff has been the Slugo type baits, the large single hook soft plastic lures. The floating lures have been excellent, all the Rapala's and Heddon's. Bucktails are back, too. You walleye guys still need the jigs and cranks. Those of you who are used to fishing the bottom with slip sinkers or rigs will catch big walleye. The lake trout hit very good on deep diving lures - big bills - odd colors, trout like iron. Bass fishermen, bring the whole tackle box, bass lures work great for northern pike. Fly rods = big northerns. Love the new presentation.

Fantastic Shore Lunches Each Day

Modern Facilities

MOOSE HUNTING

Moose hunting in our area of Saskatchewan has been excellent! 80% of our hunters in the past five years have had the opportunity to take a bull moose. In the last 5 years some of the largest measured moose in Saskatchewan have been taken by our hunters.

This kind of success is no accident. We have quality guides, a large hunting area, access to remote lakes by float planes, and a willingness to relocate hunters to assure success.

Accommodations

We hunt hard. Hunters should be prepared to stay out overnight at a tent camp or one of our outpost cabins. Hunters may return to the main lodge at night, if preferred. After you have your bull, you may fish at Lawrence Bay Lodge. Fishing guide is extra. All local flying, food, moose guide, and moose license is included.

Gear

Familiar rifle (with soft rifle case), good sleeping bag, warm clothes including good boots and gloves, white or orange outer suite (such as a paint coverall), orange hat and flashlight. Average temperature this time of year ranges from 20° to 60°.
